Dear Parent

This year, in the interest of safety, we have had to reassess the way in which we handle Back To School Stationery orders through Bidvest Waltons. Handling of cash and paper is something we are actively seeking to reduce especially in times of COVID-19. We believe we have found the solution that benefits us all and we are excited to announce that we will be offering a paper-free, convenient and simple ordering solution that will help alleviate these issues.

We are encouraging all parents to use the Karri app to safely and securely order their Back To School Stationery for 2022. The benefits of this app are applicable to both you as a parent and us as your school. Most importantly, you are easily able to pay for your Bidvest Waltons stationery order without handling cash or filling out an order form and making an EFT. You can also choose to have your order delivered straight to your door, greatly reducing any contact between your children and staff members at our school.

There is no charge to the parents for this application. It is free to download from either the Apple Store or Google Play Store plus it uses less data than Whatsapp. You can make payment via the Karri app using either your credit, debit card or an instant EFT function.

Karri is an innovative mobile payment app that allows you to make quick payments for school collections using your smartphone. Karri is powered by Nedbank but will work with any bank, ensuring the safety and security of all information loaded onto the app. It is therefore fully POPI and PCI DSS compliant with stringent internal security measures.

You only need an email address to access the app. Please expect an email/SMS asking you to download the app and then sign up with your email address. We have attached a Karri pamphlet detailing the simple steps for making payments.

We would really appreciate your support in striving to be a free environment and making your lives as parents as simple as possible.

Regards
