Zululand Remedial Centre Appreciation

Mr D Millin, School Principal at Zululand Remedial Centre would like to take this opportunity to express our gratitude and appreciation towards Class A Plumbing for their dedication and determination to help the school resolve our blocked sewer.

Recently ZRC encountered a major sewage blockage that was a serious concern. We contacted Class A Plumbing and they responded swiftly and resolved the blocked sewer problem professionally.

They worked very hard for four consecutive days on our blocked sewer problem, utilizing their machines and specialized equipment to solve the problem.

Class A Plumbing offered ZRC professional and outstanding service restoring the drainage system to work effectively. They subsidised the school for the labour and machines they used, resulting in a minimal cost to the school.

ZRC will highly recommend Class A Plumbing to solve any of your plumbing problems.

Thank you once again. We greatly appreciate the excellent service provided to our school.
